Reviewer Note

> You pass all tests.
>
> Your code is very lean and efficient.
>
> Good job providing correct answers to each question!
>
> Keep up the good work!

Correctness

✓ Does the submission pass all tests?

✓ Did Student answer all of the questions correctly?

✓ Is the heuristic used in A* search admissible?

✓ Does student implement A* search methods?

Choice and Usage of Data Structures

✓ Does code avoid flagrant unnecessary performance problems?

✓ Does code avoid slow lookups through correct choice of data structures?
